Re: Certification Letter for Vilas County LiDAR project

Dear Ms. Gibson:

Ayres Associates is pleased to submit the following information as requested in our contract for professional services, with a last signed date of October 2, 2012.

Project Number	22-1530.00
Project Name	Vilas County, WI Lidar 2013-14
Location	Countywide, 1017 square miles
Flight dates	May 13-16, 2013
Nominal Point Spacing	1.0 meter
Vertical Accuracy standard	0.61 feet RMSEz for bare earth surface

This project was completed under my supervision of our LiDAR production supervisor and technical staff at Ayres Associates in Madison, WI. The project was completed to the standards laid out in the contract for professional services that we have with Vilas County. The LiDAR data and deliverable products meet or exceed the vertical accuracy specifications listed above.

We trust you find this information complete, and we look forward to working with you in the future.

Sincerely,

Ayres Associates Inc
